<b>Late/Absent:</b>
-No one was late.
<b>Reminders &amp; Deadlines:</b>
-Nothing today, thank you.
<b>Dancers:</b>
-Nothing today, thank you.
<b>Choreographers:</b>
-Bella stayed onstage after her bit with Tiffany, so SM took the blackout. SM will chat with Bella about this exit.
<b>Scenery:</b>
-Main rag was slow coming in after the ballet.
<b>Paints/Props:</b>
-Nothing today, thank you.
<b>Lights:</b>
-We implemented the change between the Cunningham piece and the last tap vignette. We maintained a blackout through Bella's quick change—it was quite long, but we did not seem to lose anyone during that interim.
<b>Sound:</b>
-Michael Shoaf fixed the monitor speaker in Dressing Room 3. It was not broadcasting announcements, and some dancers were late to warm-up because of it.
<b>Costumes:</b>
-Nothing today, thank you.
<b>Admin:</b>
-Thank you for the playbill inserts and the lobby signs for Understudies & the playbill correction for Sydney Carroll!
<b>Miscellaneous:</b>
-Understudies for Kenard Williams performed this evening (Bella for the tap numbers and Matty Reda for the de Mille piece). Brooke took Bella's normal place in the 2 <sup>nd</sup> tap piece.
-Becca Stone went on for Kierah Anderson during Tommi's piece as Kierah's ankle is still bothering her.
-HVAC was called as it was warm in the theatre @ crew arrival.
-Autumn was given an ice pack for her knee, as it was bothering her. She is okay.
